

CRN Approval Sheet

ACR Copper Fittings

The Canadian Registration Number (CRN) is a number issued by each province or territory in Canada by an authorized safety authority for any boiler, pressure vessel or fitting that operates at a pressure greater than 15 psig (1 barg). The CRN identifies that the design has been accepted and registered for use in that province or territory.

All NDL ACR Copper Fittings are CRN approved, you can find a list of our CRNs below:

Alberta: 0A15328.52
